IMPACT REPORT
Fiscal Year 2024

Livingston HealthCare Foundation

Where giving is caring.

Committed to
Clinical Excellence and Innovation

We provide patient-centered critical access care
We meet the challenges of rural health care
We are a vital economic driver for our community

The mission of the Livingston HealthCare Foundation is to advance the health and wellness of our community by financially supporting the programs, services, and capital equipment needs of Livingston HealthCare.

A Note from the Foundation Executive Director

It has been my privilege to work for Livingston HealthCare for the past 17 years. In my previous role as a dietitian, I had the honor of providing direct care to our patients. I still vividly remember the pride in the faces of cardiac rehab patients, proudly showing the scars from their open-heart surgeries, and the strength of cancer patients while undergoing chemotherapy in our infusion center. I was also fortunate to lead community classes on exercise and diabetes education, empowering individuals to take control of their health. These experiences left a lasting impression, and I continue to feel deeply connected to the people I served, because in healthcare, we don't just treat conditions—we care for people, and we care for one another.

I often find myself asking: what if Livingston HealthCare didn't exist? For many of our most vulnerable neighbors, access to care would be severely limited, especially for those without reliable transportation. In emergencies where every second matters, would they survive the longer trip to the next closest facility in Bozeman? The unfortunate reality is that rural communities without access to local healthcare suffer greatly from health disparities, and the absence of a hospital like ours would have devastating consequences.

Livingston HealthCare is more than a facility—it's a lifeline for me, my teenage daughters, my friends, my family, and the community I love. Beyond emergency services, we provide comprehensive care, from prevention and diagnosis to treatment and recovery. Our team of over 500 employees excels at delivering high-quality care, and when specialty services are needed, we ensure smooth and safe transfers to regional health centers. The strength of these partnerships ensures that no one is left without the care they need.

In my current role as Executive Director of the Livingston HealthCare Foundation, I've come to appreciate the incredible power of philanthropy in supporting healthcare. I am deeply grateful for the generosity of those who share our commitment to ensuring healthcare access for everyone in our community. Maintaining and expanding these partnerships is critical to sustaining the quality of care we provide. Our donors have played a pivotal role in funding critical expansions, including the sterile processing department, securing essential medical equipment for our staff, and providing support to patients during some of their most challenging health events.

Access to compassionate, high-quality healthcare is a fundamental need, and it's one that Livingston HealthCare and the Livingston HealthCare Foundation are steadfastly committed to fulfilling. Together, with the support of our community, we will continue to ensure that no one goes without the care they deserve—now and for generations to come.

Please join us in making a difference—because together, we can safeguard the health of our community.

Jessie Wilcox, Executive Director
Livingston HealthCare Foundation

The gift of gratitude can be shown in many ways. Grateful patients show their appreciation through financial donations, volunteering and, as the halls and grounds of Livingston HealthCare showcase, even by adding to our incredible art collection.

Diana Weber joined Livingston HealthCare as Chief Clinical Operations Officer in January 2024. Diana is a physician executive and thought leader with over 25 years of progressive leadership in medical group and delivery system operations—as well as health plan strategy and execution. Prior to Livingston HealthCare, Diana worked in several leadership roles including Medicaid Chief Medical Officer for Blue Cross Blue Shield New Mexico and Medical Director for Optum New Mexico. She received a Doctor of Medicine degree from George Washington University. Additionally, Diana serves as chair of the leadership team for Women of Vision, a ministry striving to help those affected by poverty and oppression.

"When I walked through the doors of Livingston HealthCare one year ago, I immediately sensed the warmth and deep commitment of the community. Being surrounded by the works of local artists contributed to a sense of beauty and connection. I knew I wanted to be part of this organization. In my leadership role, I feel a calling to contribute in a way that strengthens and supports the vision of Livingston HealthCare to provide the highest quality care to all we serve. By giving to our hospital foundation, I'm not only helping to bring essential services, advanced technology, and compassionate care to those who need it most but also investing in the health and future of my new home. It's inspiring to know that my contribution goes directly toward enhancing the well-being of our community."

—Dr. Diana Weber

We make a living by wh

"Livingston HealthCare has treated me as a patient, informed me as a community member, and provided opportunities for experience, education and growth as an employee. A strong sense of loyalty feeds my motivation to donate to the Employee Giving Program and provides a means for me to give back to an organization that has invested in me from day one. I believe in what we do at LHC, not only for our patients, but also our employees, and it's encouraging to see donations having a direct impact on improving care for our patients in addition to job efficiencies for my colleagues."

—Dani Rice

Dani Rice is a Livingston native, with roots in the community spanning several generations. She started at LHC in 2012 as a temporary hire in the Medical Records department and now serves as the Director of Compliance and Privacy. Outside of work, you're sure to find Dani chasing her three young boys, supporting local coffee shops and spending time with family in Montana's waters and woods.

Douglas Wadle, MD, provides Hospital Medicine at Livingston HealthCare, providing inpatients comprehensive care during their stay. He sees his role as a teacher and educator. Dr. Wadle assesses each unique medical situation and provides as much information as he can to help patients make the best decisions for themselves.

"I am very proud of the work our team does at LHC. I have often wished my parents and in-laws lived locally so they could receive care here. Working with hospitals in other parts of the country always reminds me of how lucky we are to have such a high-quality healthcare system that is still able to maintain the personal touch of a small-town hospital. I have been fortunate to spend the bulk of my medical career here, and stay because of the vibrant community and my great colleagues and nurses. It might seem strange to donate financially back to the company you work for, but for me it is just one small thing I can do to support our ability to stay up to date in a rapidly changing healthcare climate."

—Dr. Doug Wadle

A Culture of Giving:
Employee Support

"I love Livingston! We are beyond lucky to have such a beautiful facility to take care of our health care needs. Working at Livingston HealthCare has been such a benefit to me, so I was thrilled to be offered the opportunity to donate to the employee giving program. My dear friend has a beautiful baby to love because of the equipment purchased from donations to the Foundation."

—Suzie Blatter

Suzie Blatter moved to Livingston in 1985 and became a beloved member of the community. For 20 years, she owned and operated Western Photo, where she became known for her dedication to capturing life's precious moments. After living in Croatia, she has been a valued team member at LHC bringing her wealth of experience and passion to her work in Patient Access.

A proud matriarch, she has a loving husband, seven children, 20 grandchildren, and nine great-grandchildren. Her diverse life journey and deep connections to both her local and global communities make her a truly remarkable person.

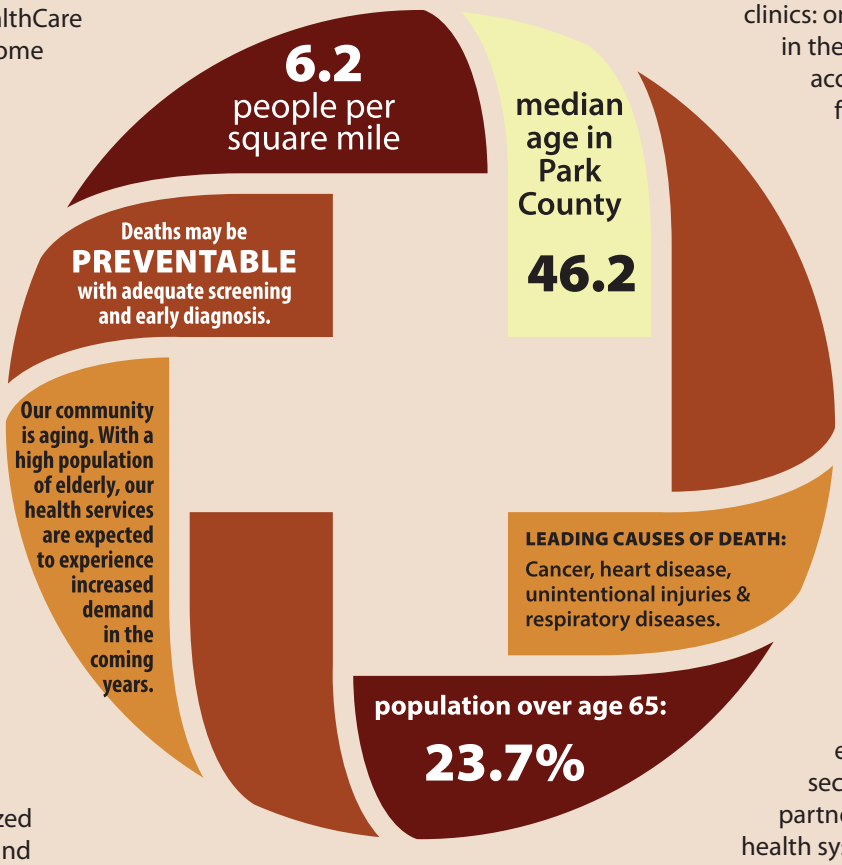

Meeting the Challenge

Access to Care

To many of us, living and working in Montana feels like paradise. Majestic mountain ranges and world-class rivers surround our county. However, some rural communities may find it challenging due to their distance from major healthcare institutions. Livingston HealthCare is here to provide care at home for people who might not otherwise have access to it.

Overcoming Barriers

Rural residents face higher risks of death from certain diseases than urban residents. The county's size and considerable swaths of roadless land pose clear challenges to transportation and access for all industries, but particularly for healthcare, where time is often the difference between life and death. Ensuring access to specialized care, emergency services, and primary care is critical to improving healthcare access and quality of care for our rural residents. The high proportion of the elderly and an aging population also affect our healthcare delivery and payment system and predict higher use of Medicare and Medicaid programs.

Livingston HealthCare offers a range of services to meet the diverse healthcare needs of our community. We have two rural health clinics: one in Livingston and one in the Shields Valley, providing access to preventative care for all stages of life. The Ranger Clinic, located in Park High School, offers care for middle and high school students. Our ***Urgent**Care* clinic is a convenient alternative to our emergency department, offering same-day appointments for minor injuries and illnesses.

Emergency Services

Our level IV trauma center is critical during emergencies when every second counts. Strong partnerships with regional health systems have significant benefits to patient care. We may not be able to meet every need, but we excel at what we do and can stabilize and transport patients to a higher level of care when needed.

Excellence in Patient-Centered Care

At Livingston HealthCare, you will be treated like family. Our providers work and live in our community, establishing solid relationships with patients and each other. LHC is lucky to have recruited many new providers to the area, while our more senior providers are moving into hospitalist positions, following their patients as they age. Seeing familiar faces as a patient is comforting and a close relationship with your physician has shown better patient outcomes.

Vital Economic Impact

With over 500 employees, Livingston HealthCare is the largest employer in Park County and an enormous economic driver. We proudly offer some of our region's best-paying jobs and health benefits. We are here for our community. Neighbors taking care of neighbors.

Meeting the Challenge

As a non-profit, we reinvest every dollar to support our mission of excellence in patient-centered care. With rising costs, lower reimbursements from public and private insurance, and the cost of covering the uninsured and underinsured, margins are tight. Livingston HealthCare faces unique challenges as a rural healthcare system, including fluctuating patient volumes that make it difficult to provide full-time specialty care, geographic isolation, economic changes, or downturns that make maintaining a positive operating margin difficult.

What's the Need

We all need the right tools for the job. Ensuring quality health care close to home means ensuring our medical team has dependable and innovative equipment. Livingston HealthCare Foundation exists to raise funds to buy everything from stethoscopes and patient beds to a new MRI machine for diagnostics at over $1 million. Philanthropy is pivotal in driving our mission and securing critical infrastructure for clinical excellence.

FY23-24 Initiative spotlight:
Surgical Services Expansion

Keeping essential services in our community is a top priority. Livingston HealthCare is focused on expanding access to an array of surgical services for our community, keeping care close to home. Over the past two years, Livingston HealthCare has vastly expanded the variety of surgical services it now brings to our community. Most recently, Livingston HealthCare invested in robotic-assisted surgeries. This means smaller incisions, less pain, and a faster recovery time for our patients. Our patients can return to what they enjoy faster!

Livingston HealthCare has completed the sterile processing remodel, doubling the capacity for sterilizing surgical instruments. The next phase will be to expand the capacity of the surgical suite by adding additional operating rooms. Based on our current growth rate, we anticipate an 8-11% growth in surgical needs in the near future. With additional operating room capacity, Livingston HealthCare will double the volume of general orthopedic surgeries, accommodate new surgical service lines, and expand current services. This expansion is projected to require a significant financial investment. Livingston HealthCare will navigate the Facility Master Planning recommendations over the next year as leadership works through significant space issues for many essential departments. The Vision - Big City Surgical Care right here at home.

This campaign is ongoing and we still invite investments in Surgical Services Expansion. The priorities indicated by the Livingston HealthCare leadership for fiscal year 2025 focus on the need to update medical equipment based on new technology and lifecycle depreciation. In addition, we look to invest in innovative, new equipment for expanding patient-care service.

FY25 Initiative spotlight:
Clinical Excellence & Innovation

Gifts to the Clinical Excellence and Innovation Fund ensure that Livingston HealthCare fulfills its mission of providing excellence in patient-centered care and has the resources to keep up with crucial technological advances. These gifts support the area of greatest need in our healthcare system, as determined by those on the front lines.

We are at a pivotal stage in our journey as we embark on our tenth year in the new hospital. Replacing equipment as part of its life cycle is critical for optimal performance and safety, ensuring our patients have access to state-of-the-art equipment.

Utilizing the fiscal year 2025 Strategic Plan and the comprehensive Facility Master Plan, the LHC Leadership worked with each department to identify crucial needs for laboratory, infusion, and pharmacy services, all of which require a significant investment. The fiscal year 2025 capital equipment budget will cost an estimated $1.83 million for immediate equipment needs for the surgical services, lab, pharmacy, family birth center, and imaging departments.

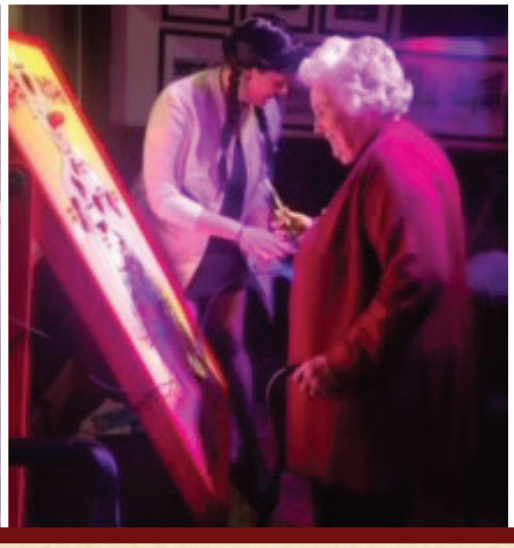

The Livingston HealthCare Foundation stands ready to fulfill its mission and is excited to collaborate with the philanthropic community to realize our shared vision of advancing our local community healthcare system.

We invite you to be our partners!
With your generous philanthropic support, the Livingston HealthCare Foundation will financially contribute to purchasing much-needed medical equipment for our local community healthcare system.

COMMUNITY EVENT

The Mint Bar and Grill graciously hosted *Let's Play Doctor!* last February, a fun, tongue-in-cheek fundraiser that brought together community members in a life-sized game of Operation.

Alpenglow Gala

Our gratitude to the 175 guests who joined the Foundation's Alpenglow Gala after a five year hiatus!

Over $166,000 was raised in support of expanding surgical services.

LHC Leadership Team:

Bruce Whitfield
Chief Executive Officer

Stacy Kohler, RN
Chief Nursing Officer

Kris Kester
Chief Financial Officer

Diana Weber, MD
Chief Clinical Operations Officer

LHC Board Member Spotlight:

Ruth Weissman

Recipient of the 2024 Debbie Erdman—Lee Freeman Leadership in Philanthropy Award

Ruth's exceptional dedication to her role as Board Chair of the Livingston HealthCare Foundation was evident in her remarkable ability to bring about organization, structure, and discipline within the Board. Her outstanding leadership skills defined her term and continue to positively impact the organization to this day. Ruth Weissman is a professor emeritus and former provost of Wesleyan University. She is internationally renowned for her research on eating disorders. Prior to joining the faculty at Wesleyan University, she was on the research staff in the Department of Psychology at Yale University. Ruth remains active to this day as an educator and mentor, while continuing to collaborate on research papers.

Ruth has received numerous honors in recognition of her pathbreaking studies, her commitment to supporting her students and colleagues, and her service to the mental health field. Ruth says she feels fortunate to have ultimately found her way to our community, and we are fortunate that she found us.

Foundation Board Members

Joey Lane
Chair

"I am dedicated to Livingston HealthCare and its Foundation because I understand how important the hospital is to our community, even beyond providing the innovative and quality care that has led to Livingston HealthCare's recognition as one of the top critical access hospitals in the nation. As the leading employer in Park County, the hospital and caregivers are vital to the economic health of our local area. The hospital itself is the physical embodiment of what friends and neighbors can accomplish when we come together with the common goal of improving our community."

Beth Ridgeway
Vice Chair

"LHC is a lifeline for our community, providing quality care and support that touches countless lives. Serving allows me to contribute to an organization that strengthens and uplifts our community, ensuring compassionate, accessible healthcare for everyone."

Mark Pesa
Treasurer

"I'm on the board to give back to our community and to offer support to such a wonderful organization that serves so many right here in our home town."

Cliff David

"I believe that high quality health care should be readily available to all members of the community. Livingston Healthcare provides that exceptional service."

Stephanie Cunningham

"My decision to serve on the Foundation board is personal. Both of my daughters were born at LHC and my whole family has benefited from their exceptional care over the years."

Ellie Summers

"It is an honor to serve on the board to support our community hospital, which is one of Park County's largest employers and offers so many beneficial services to Park County citizens."

Foundation Board Member Spotlight:
Jim Lincoln, Board Secretary

"I have used the hospital and medical staff for routine medical care, treatment of nine broken bones from two horse accidents, knee replacement surgery, physical therapy, exercise facilities, and a serious antibiotic reaction requiring emergency room care and a hospital stay. I have always found the staff to be dedicated and the care extraordinary, including my experiences with Dr. Flook, Dr. Sukin, and Dr. Reid. In addition, Miles Schneeman is a superior Physical Therapist. He's really good and I've had a lot of them, and he's helped to keep me mobile after many years.

Serving on the LHC Foundation Board of Directors has given me a way to give back to Livingston HealthCare Hospital for providing high-standard medical care for the people of Park County and surrounding areas."
